In this way, teaching would support meaningful learning and student well-being. Some teachers are already making it easier to adopt such practices. A group of Danish teachers, for example, created a toolbox for playful learning observation and reflection, classroom management and learning environments design. Most essential for such practices ...

Playful Learning | Early Learning Toolkit

Despite the challenges primary grade teachers face in trying to include play in an already crowded curriculum, play has an important place in reading and writing instruction. Children whose early literacy experiences include pleasurable activities are more motivated to pursue the challenging tasks associated with learning and are more likely to develop a life-long love of reading and writing.
