Quantifiers. Countable and uncountable nouns may also be used with quantifiers.These are words that express amount or quantity. Common examples are some, any, more, few, little, several. However, there are some quantifiers that can be used with only countable nouns: many, few, a few, fewer, several.

Grammar Lessons - Quantifiers

Uncountable Nouns. Uncountable nouns are not counted in English. This usually has to do with the way English speakers think of these nouns. We often picture these nouns as a single concept or one big thing which is hard to divide. Many of these words are countable in other languages, but they ARE NOT countable in English.
