Kenmore 90 Series Washer won't drain and Spin - Forum ...

Our Sears Kenmore "90

Series" washer will not spin. It makes sounds like it is "trying to spin", but the drum will not turn. It had gotten almost to the end of the "drain & spin" cycle, and then stopped. I'm guessing it is some sort of relay from the control module to the "spin motor", or perhaps a malfunction with the control module itself.

My Kenmore 90 Series Washer works fine up until it comes to the Drain and Spin cycle; it suddenly won't drain at all, and won't go into spin. It works fine during the normal part of the cycle.
