---Joseph J. Fins, Journal of the American Medical Association "Trusting Doctors is an original and important analysis of the decline of doctors' moral authority and a subtle, sociologically informed critique of contemporary medical bioethics."---Robert Zussman, American Journal of Sociology "I learned a great deal from reading this book. . . .

Why The Fall of the American Empire Will Come by 2030 ...

Decline of the American Empire is Denys Arcand's best film, and at the time, the best ever to come out of Canada. (That crown now firmly belongs to Atom Egoyan's The Sweet Hereafter). It seems a little dated today, but if you can handle subtitles, and if you like movies with lots of dialogue about sex and human relationships, it is a worthy ...

Home Page: The American Journal of Medicine

The decline has exacerbated health disparities. It is an American crisis because the declining diversity of doctors reduces the quality of health care in the U.S. as a whole—for all patient populations. The number of Black males applying and matriculating to medical school has declined to very low levels.
