The Embedded Corporation: Corporate Governance and Employment Relations in Japan and the United States

Corporate Governance Definition

The first meaning of embedded CSR is that CSR is embedded in a business organization, in its culture, governance, and strategy. It implies that CSR as ethical values is intrinsic in business, inseparable from business (Sun et al. 2010), a strong view in contrast to a school of thought in business ethics that splits CSR and business and considers CSR as abstract ethical principles externally added to business.
