A Glossary of medieval terms ... Many of his jobs were carried out by the itinerant justice, coroner, and justice of the peace. He collected taxes and forwarded them on to the exchequer, after taking his share. He was also responsible for making sure that the King's table was well stocked while King was in his county (ie Royal Game Preserve).

Women in the Middle Ages - Wikipedia

During the early medieval period, most outlawries were for criminal acts. A plaintiff would make a public accusation called an appeal, in the county court. These appeals, along with royal writs ordering (or exacting) the appearance of the defendant, were recorded by the coroner on his rolls (now in JUST 2).

Susanna Gregory - Fantastic Fiction

At the Castle — a medieval themed restaurant — Kit works as a Wench to serve customers while her older brother, Chris, works as the Red Knight to help their mother keep their house. Even though the Castle upholds an archaic patriarchal structure, Kit dreams of the day that she can be a Knight and fight in the tournament shows at the restaurant.

Inquest | Definition of Inquest at Dictionary.com

The coroner system originated in medieval England but has been espoused in the U.S. since the 1600s. The majority of the states in the U.S. now rely on the coroner system. The medical examiner system, on the other hand, started in the early 1900s, when people realized that qualified physicians are needed to determine the cause of death.
