Person-Centered Therapy | Psychology Today

The Person-Centred Approach (PCA) is an approach to human relationships which values attitudes like not judging others, valuing autonomy and being empathic.

Person Centered Flashcards | Quizlet

Person-Centered Therapy (Rogerian Therapy) This type of therapy diverged from the traditional model of the therapist as expert and moved instead toward a nondirective, empathic approach that empowers and motivates the client in the therapeutic process. The therapy is based on Rogers's belief that every human being strives for and has...

The Person Centred Approach A

The Person Centred Association (TPCA) is an organisation that embraces and promotes the person-centred way-of-being: the striving to create relationships based in genuine acceptance and empathic understanding.

The Person-Centred Approach

Person-centered therapy. Person-centered therapy seeks to facilitate a client's self-actualizing tendency, "an inbuilt proclivity toward growth and fulfillment", via acceptance (unconditional positive regard), therapist congruence (genuineness), and empathic understanding.

A Person-Centred Approach in Palliative Care | Careleda

The person-centred approach is based on the theory and philosophy of Dr Carl Rogers. It is a non-directive approach to being with another; that believes in the other's potential and ability to make the right choices for themselves, regardless of the therapist's own values, beliefs and ideas.

Person-centred approach - Alzheimer's WA

A person-centred approach in palliative care To ensure a positive and comforting experience, the approach should always be person-centred. After all, the focus is not on the cure but on how to make the transition somehow comfortable and less painful both for the patients and their friends and family members.

Person-centered therapy - Wikipedia

A person-centred approach to nursing focuses on the individual's personal needs, wants, desires and goals so that they become central to the care and nursing process. This can mean putting the person's needs, as they define them, above those identified as priorities by healthcare professionals.

Person-Centered Therapy (Rogerian Therapy)

Person-centred care. With an emphasis on doing with rather than doing to, person-centred care runs through both individual and group settings, allowing users of services to be active not only in their own care but also in the design and delivery of services. This approach can improve both the experience and quality...

A person-centred Approach to holistic Assessment.

Person-centred care is a way of thinking and doing things that sees the people using health and social services as equal partners in planning, developing and monitoring care to make sure it meets their needs.
