These politics of food he meant to avoid, however, is now a staple of most of the food industry legislation in America today. Only ten years after Coolidge, Hoover introduced the Farm Board, which fixed the price of wheat and cotton.

The Politics of Food Supply

Bill Winders's The Politics of Food Supply is a fascinating sociological study of twentieth-century agricultural policy focusing on the rise and fall of supply management policy, the system of state intervention based on price supports for farmers, production controls, and food exports in the form of international food aid. This system, a product of the Great Depression, survived the political ...

The global convergence of food supply patterns - New Food ...

The idea that every meal can be risk-free, germ-free and sterile is the sort of fantasy Howard Hughes might have entertained. But our food can be much safer than it is right now.

The Politics of Food Supply: U.S. Agricultural Policy in ...

In Grains, I examine the political economy of food grains and feed grains, focusing particularly on wheat and rice as food and corn and soybeans as feed. I demonstrate how the politics and economics of feed and food grains influences such issues as international trade, world hunger and food security, the implementation of biotechnology, and ...

The Politics of Food Supply: U.S. Agricultural Policy in ...

The adequacy of food supply in a particular area or country can be affected by climatological, economic, and even political factors. The food currently produced worldwide is more than sufficient to provide adequate nutrition to the global population; yet, in many countries, a significant number of people still suffer from hunger and/or ...

The Politics of Food - Bell English Department

The aim of our work was to quantify food supply patterns at national level, and how they have changed since the early 1960s. To do so, we used the food balance sheets published by the United Nations Food and Agriculture Organization (FAO), which describe the availability of different food types for human consumption.
