Human capital flight - Wikipedia

Question 4 - Dear Beauty Brains, I love the show! I am currently reading War Paint about Helena Rubenstein and Elizabeth Arden. Apparently [they're] the creators of fear mongering in cosmetic advertising. It's got me wondering what are some of the oldest skincare products in their original formulas still in the market? Thanks for the info.

What Makes Our Brains Special? - Scientific American

Davros, often referred to by his creations as the Creator and also known as the Dark Lord of Skaro, was originally the head of the Kaled Scientific Elite on the planet Skaro, but he became better known as the creator of the Daleks. The results of his attempts to bring the war on Skaro to an end were not as he envisioned, because the Daleks wiped out both the Thal and Kaled races, save for ...

The War Scientists The Brains

Human capital flight refers to the emigration or immigration of individuals who have received advanced training at home. The net benefits of human capital flight for the receiving country are sometimes referred to as a "brain gain" whereas the net costs for the sending country are sometimes referred to as a "brain drain".In occupations that experience a surplus of graduates, immigration of ...

The Beauty Brains

One reason scientists can now unravel these more nuanced differences between the human brain and those of other species is the rise of more robust data collection techniques.
