Hi there, have just purchased a 2001 Hilux EX TD. It has 92K showing and the timing belt light is on so guess I need to replace it. Any advice on how much this should cost ? I have been quoted £ 240+VAT for the labour with parts on top. Read somewhere that this is an easy job 2 hours max.

Toyota Parts | When Should I Replace The Timing Belt ...

Some Toyota engines have timing belts, some have timing chains. It pays to know what your engine has. Belts need to be replaced at normal intervals (usually every 90-100k on late model cars) or you will have hell to pay. Timing chains however are a different story and will generally last the lifetime of the engine.
