## Qashqai

The new Qashqai is the first new model in Europe to use the CMF-C platform, which represents a state-of-the-art automotive structure and technology architecture. Central to the engineering concept was to retain the current Qashqai's proportions, which are "just right" and key in its success, meaning it comfortably navigates urban roads and

The major news with this new Qashqai is that the big-selling model drops purely petrol and diesel engines in favour of a line-up of petrol-electric hybrid options. Initially, there's a 1.3-litre DIG-T mild-hybrid petrol with a choice of two power outputs, front or four-wheel drive and manual or automatic transmission.
