What Makes It Page?: The Windows 7 (X64) Virtual Memory ...

This overlaps to some extent with the first point, but is worth elaborating. One of the main things that makes a Home Page good is that it is unique. Given the vastness of the Net, what makes pages unique is generally the personal material that the author brings to the table. Depth. The best Home Pages always give you a sense that there is something beneath the surface, and that exploration will be rewarded with new discoveries.
