The Whole30 totally backs up the theory that feeling good, being healthy and ultimately losing weight is 80% about what you put in the ol' pie hole, as my exercise was limited. One other thing that was a revelation and a really tough mental shift was not counting calories or fat grams, which you're advised not to do.

## **The Complete Healthy Little Peach Guide**

I experienced some funky physical symptoms during the first 10 days or so, but this is pretty typical of a Whole30. I would feel great, and then the next day I would feel tired, achy, and bloated. Depending on what your diet was like before you started the Whole30, you're bound to get hit by some sort of detoxing symptoms.
