Wine and War: The French, the Nazis, and the Battle for ...

In War, Wine, and Taxes, John Nye debunks the myth that Britain was a free-trade nation during and after the industrial revolution, by revealing how the British used tariffs — notably on French wine — as a mercantilist tool to politically weaken France and to respond to pressure from local brewers and others.The book reveals that Britain did not transform smoothly from a mercantilist state ...

Wine and war : the French, the Nazis, and the battle for ...

“The French had another name for them: the weinführers. Their job as Beauftragter für den Weinimport Frankreich (agents for importing wines from France) was to buy as much good French wine as possible and send it back to Germany, where it would be resold internationally for a huge profit to help pay for the Third Reich’s war.”

Read Wine And War: The French, The Nazis And The Battle ...

Wine and War portrays the central role wine has long played in France's military campaigns—how Napoleon ordered wagon loads of champagne to sustain the morale of his armies and how, during World War I, huge quantites of wine were shipped to soldiers in the trenches of Northern France. By the beginning of World War II, wine represented a ...

War, Wine, and Taxes | Princeton University Press

French wine is produced all throughout France, in quantities between 50 and 60 million hectolitres per year, or 7-8 billion bottles. France is one of the largest wine producers in the world, along with Italian, Spanish, American, and Chinese wine-producing regions. French wine traces its history to the 6th century BC, with many of France's regions dating their wine-making history to Roman times.
